**Important:** The major CIP code stands for Classification of Instructional Program. Each major has a CIP code and that code defines the major and field of study. The Washington State Opportunity Scholarship (WSOS) board uses the CIP code, not the major name, to designate which majors are eligible. If you wish to know if a CIP code is offered by a school or university, you will need to contact the registrar at the college or university. Plan ahead: if you are counting upon receiving the maximum award amount from WSOS be sure to confirm that the college or university you will attend as a scholar offers an approved WSOS major as defined by the CIP code (not the name).
